WHO WE ARE

We recognize the barriers that people living with disabilities face, including limited programs, expensive equipment, a lack of trained coaches, and the challenge of finding accessible opportunities across Southern California's vast geography.

Angel City Sports (ACS) is committed to addressing these challenges and sparking a Paralympic and adaptive sports movement in our community.

“SPORT HAS THE POWER TO CHANGE THE WORLD.”

It has the power to **inspire**.

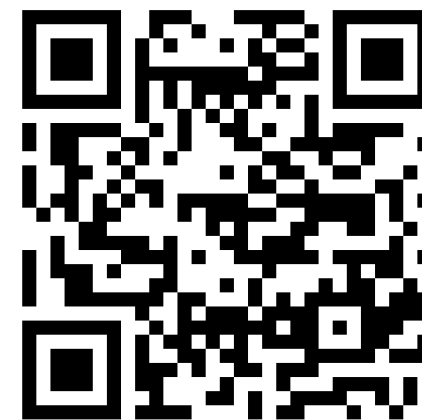

It has the power to **unite people** in a way that little else does.

It speaks to youth in a language they understand.

Sport can create hope where once there was only despair.

It is more powerful than government in breaking down racial barriers.”
